The Maria Choir was founded in 1990 by its choir director Lennart Johansson and is based in Stadsökyrka *Stadsö Church* in Gammelstad just outside Luleå in the very north of Sweden. The repertoire is mainly composed and arranged by Director Johansson and consists of sacral music as well as Swedish folk music. The choir has had many singing tours both in Sweden and in other countries in Europe. The tour to the USA has been planned for several years and is a celebration of the choir's 20th anniversary.
