**At the American Swedish Historical Museum**

**Philadelphia, PA-** Spring is in the air and once again it's time for the American Swedish Historical Museum to host another very special Toddler Time! Join us on April 17 as we explore some of Sweden's favorite dairy treats. This event is a wonderful opportunity for our youngest audience to learn where dairy products like milk and cheese come from, and experience some uniquely Swedish dairy farm traditions. Farmers from What-Knott Farm will join us and bring the guest of honor, a dairy calf! In addition to the live animal presentation, toddlers will enjoy a themed story, get a chance to "milk" a cow, and enjoy a Scandinavian dairy inspired snack.

We are proud to continue to offer Toddler Time, with its educational and family fun programs! Toddler Time is a program designed for children ages 18 months to 4 years old, hosted on the third Tuesday of each month. Each session will help young minds grow through interactive stories, engaging hands on activities and valuable social interaction. Children will explore art, science, and literature in the unique and positive child centered learning environment of the American Swedish Historical Museum.

**Registration is free for museum member children and \$5 for non-member children. There is no additional charge for accompanying caregivers. To register or for more information, call the museum at 215. 389. 1776, register online at [americanswedish.org/events](http://americanswedish.org/events) or e-mail [education@americanswedish.org](mailto:education@americanswedish.org).**
