

DIY Herb Planter Activity

Materials:

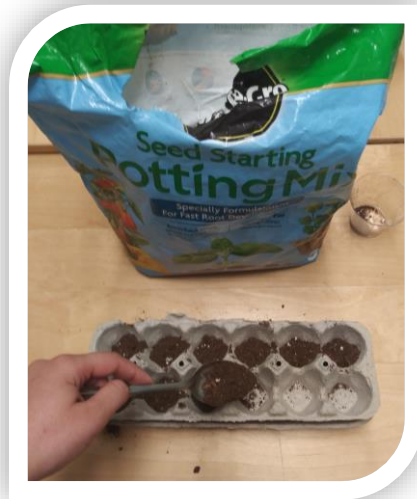

- ✓ Empty egg carton
- ✓ Potting soil
- ✓ Herb seed packets
- ✓ Spoon
- ✓ Scissors
- ✓ Craft sticks
- ✓ Marker
- ✓ Water
- ✓ Gloves (optional)

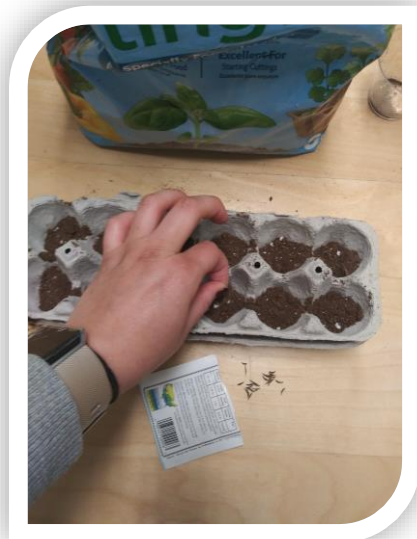

1. First cut top off of the egg carton.
Then place it under the bottom for more support.

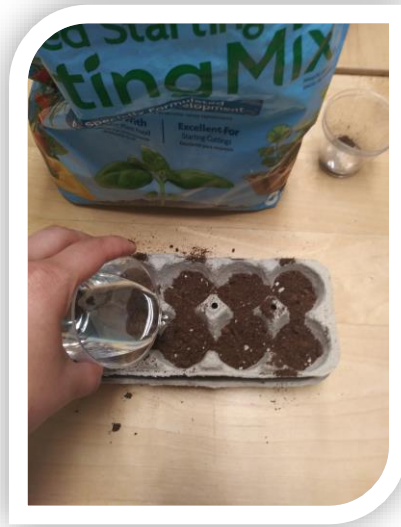

2. Next take the spoon and put a little soil in the bottom of the egg cups.

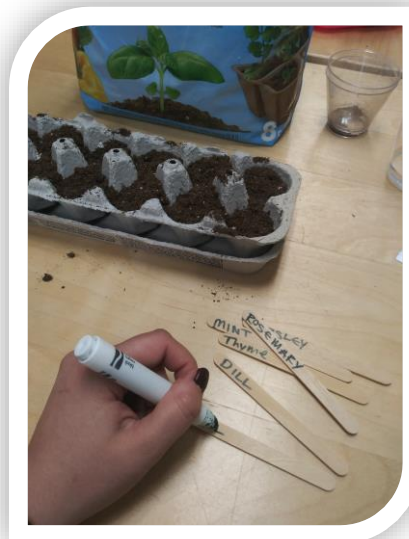

3. Then take a few seeds and put them in each cup. If you are doing different types of herbs put the same type next to each other.

4. Next cover seeds with more soil.
5. Then put water on soil until soil is damp.

6. Next take your marker and label craft sticks with the name of the herbs.

7. Then place the labels in the soil for each type of herb.
8. Finally place your herb planter in a sunny window and watch your herbs grow!
