

Gustaf's Guide to Drawing

Gustaf loved drawing and he went to a special art school in Sweden. That is how he later became an illustrator. Below you can learn to draw a lion like the one in the book, "The Lion's Paw". Trace over the picture to practice.

In the blank space below try to follow the steps to draw a lion!

Illustrator Imagination Sheet

Now we are going to use our imagination. In each space below is a line, start with that line and add to it to make a drawing. It can become anything!
